OBJECTIVE

A motivated Junior Full Stack Developer with a passion for creating innovative software solutions. Possessing a strong foundational knowledge of software development principles and proficiency in modern programming languages and frameworks. Eager to contribute to a dynamic team by leveraging skills in problem-solving, coding, and software design, and committed to continuous learning and growth.

SKILLS

- **Programming (and Scripting) Languages** Python, JavaScript, PHP, Java, and SQL
- **Database Management Systems** MySQL, PostgreSQL, and MongoDB
- **Frameworks and Libraries** Laravel v12.x, React, Node.js, TailwindCSS
- **Tools and Cloud Service** Git, GitHub, Postman, Redis, Github Actions(CI/CD), Vercel, AWS, and Figma
- **Theory** Complexity Analysis, Data Structures and Algorithms, Software Design Patterns, SDLC, C4 architecture, MVC, and OOP

PROJECTS

Estatein [[Real Estate Platform](#)] Oct 2024 – Nov 2024

Developed a dynamic real estate platform that allows users to browse and search for properties with ease. Built using React and Laravel, the platform features a responsive design and an intuitive user interface to enhance the property-browsing experience..

- **Stack:** Laravel, React, Axios, PostgreSQL, TailwindCSS
- **Main Features:** Property listings with search and filter options, responsive design, user accounts.

Boxcars [[Car Dealers Website](#)] Oct 2024 – Nov 2024

Developed a modern website for a car dealership, providing an intuitive browsing experience for users to explore car models and special offers.

- **Stack:** Laravel, React, Axios, and TailwindCSS
- **Main Features:** Homepage for featured cars, Service and maintenance sections, Interactive contact form Gallery for car images

TRAINING & CERTIFICATIONS

Ethical Hacking Foundation Course, Semicolon Academy Jan 2024 – Feb 2024

Completed a comprehensive 30-hour program focused on ethical hacking and cybersecurity principles. The course included practical training on identifying and mitigating top vulnerabilities, as well as hands-on experience with various tools and methodologies for effective defense strategies. Solved over 20 labs from the PortSwigger website to gain practical experience

EDUCATION

Bachelor of Science in Business Administration
Beirut Arab University, Lebanon

Aug 2022 – Jun 2025
(Expected to graduate)
